

## May's President's Newsletter and Meeting Announcement

### Description

Dear SLAARC member:

Hello May flowers and showers – with Thunder and Lightning.

During our April meeting, we discussed the Great Lakes HamCon, the up-coming siren tests for Oakland county, and the potential to support the Astronomy on the Beach event in September.

Astronomy on the Beach 2013

The presentation during the April Meeting, Mike and Eric reviewed the Winter Field Day event and discussed what went well. This led to a discussion about Summer Field Day and the potential to use Island Lake as a back-up site.

We had another very good turnout at our April VE exam session, including a visiting Japanese Ham JA1AGG that obtained his Amateur Extra...and handed out some nice QSL cards.
