

November, 2022 SLAARC Annual Club Membership Meeting

Description

To All SLAARC Members,

This SUNDAY, November 13th, 2022 at The Witches Hat beginning at 6:30 p.m., we will have our SLAARC Annual Club Membership Meeting. As stated in our Bylaws, the primary purpose of this meeting is to elect the Club Board of Directors for the following year. Due to Covid restrictions, we have not been able to have this meeting for the last two years. Now that we are able to have in-person meetings in November, the only other requirement of the Bylaws is that we have a Quorum consisting of at least 14 club members attending this meeting.

I hope that as many club members as possible will attend this important Club Meeting to insure that we have a Quorum present.

The first order of business will be a discussion by the current SLAARC Board of a number of financial issues that have come up in the summer and fall of this year, and what steps the current Board has decided to take to address these issues.

Once the current Board finishes the financial issues discussion, the next order of business will be to nominating potential Board Members; and then voting for Board Members by the SLAARC Club Memberâ€™s present at the meeting.

Following the Board Election process, there will be a short presentation by Bob Kiessel (WA8MZX) about the N8SL Primary Repeater. The repeater has been significantly upgraded and re-located in the South Lyon Water Tower, and is working quite well. Bob will discuss what upgrades have been added and how the repeaterâ€™s functionality has been enhanced.

We will also be broadcasting the meeting LIVE via Zoom Meeting for those who cannot attend the meeting in person.

Contact us for the Zoom link.

73,

Mike Sharpe â€™ W8XH

SLAARC President
