20141012-sbc-w8xh-k8ut

Description

The October 2014 meeting program was a presentation on Single Board Computers (SBCs). Mike (W8XH) presented on the Arduino system. There are links below to his PowerPoint slides as a PDF and a PDF document with links to the various projects and resources he discussed. Larry (K8UT) described four projects he has built using the the Raspberry Pi system. There is a link below to his PowerPoint slides as a PDF. Unfortunately no photos were taken at this meeting.

Introduction to Arduino Microcontrollers

October 12, 2014 SLAARC Arduino Presentation Version 2

SLAARC SBC RPi 2014-10-12v v5
